Mr. Tim Campbell

Philadelphia, PA 19107

Dear Tim:

As the Speaker of the Florida House, I want to thank you and ARAMARK for your partnership in providing the food service and nutritional needs of Florida's correctional system.

ARAMARK has been a strong partner with Florida's Department of Corrections for many years. They provide high-quality food service to inmates. As a result of this partnership, ARAMARK has provided millions of savings to Florida taxpayers while also providing a wholesome, nutritionally balanced menu that meets all USDA and American Correctional Association standards. Health department inspections of kitchens managed by ARAMARK rival those of 5-star restaurants in Florida.

I am particularly thankful of the contributions you offer to the communities you serve by encouraging local purchasing, establishment of Inmate to Workmate inmate training and rehabilitation programs in select locations and STAR team community outreach efforts. ARAMARK has established a priority of employing many former non-violent offenders in select businesses, helping those individuals return to their families and communities as productive citizens of our state.

ARAMARK's innovative programs and your willingness to partner with us to develop solutions, have assisted us in addressing our own issues such as proper control of inmate behavior and establishing and encouraging positive inmate and correctional officer morale. Your innovative approaches and willingness to tackle these issues and develop solutions have caused ARAMARK to become a leader in the corrections industry.

Most importantly; throughout my association with you and ARAMARK, I have found you to be a company of the highest integrity, built on a strong foundation established by your honest, caring, and professional leadership team.

Thank you for your dedication to upholding the highest level of integrity and delivering high quality food service solutions for our state.

Sincerely,
