

Senate President Ken Pruitt,
Senator Lisa Carlton &
Representative Bill Galvano

Dear Friend,

It was ten years ago that we first welcomed Nancy Detert to the Florida Legislature. Since then we have come know and respect her for being honest and straight forward.

As we approach the August 26th Primary, we wanted to **officially announce our enthusiastic support of Nancy Detert for the Florida Senate.**

Nancy has called Sarasota County home for more than 30 years, served on countless boards, and served the community on the School Board and in the Florida House of Representatives. Her commitment and work on behalf of the community is one of the reasons we support her and why we believe she will be the next Senator from District 23.

We hope you will join us in supporting Nancy. While we believe Nancy will win, it will not be an easy effort, and she is taking nothing for granted. We hope we can count on your support in this endeavor with a contribution to her campaign. Contributions from you and your clients up to the maximum of \$500 will be critical in helping her election be a successful one.

We are proud to lend our support to Nancy's growing list of supporters that include Congressman Vern Buchanan, four Republican Sarasota County Commissioners, the Mayor of Sarasota, Sarasota Clerk of the Court, two former State Senators from Sarasota, and present and past Venice City Council Members.

Sincerely,

Ken
