

Spring Page

My name is Spring Page, born on May 21, 1959 to the late Bernice and William Webb. I attended public schools in Hillsborough County and graduate from Hillsborough Sr High in 1977. I started taking basic class at HCC during the winter in 1978. My goal at that time was to study medicine and travel to different country helping as many sick children I can. I grew up watching my mother struggled to pay for medicine that medicate wouldn't pay for with me and my 5 siblings.

In 1979 I met my first husband Jessie Page, we were married in June 1981. My husband and I joined the U.S. Army in 1982 with the hope of continuing my education and one day study medicine. In February 1983 my daughter Tiffany Page was born, I became a stay at home mother living on my husband's bi-weekly military salary from pay check to pay check. I started doing odd jobs to help make end meet and sometime just to keep an idle mind. I wasn't doing what I hoped to be, but we made the best of with what we had.

In 1984 I was introduced [REDACTED]. This took a toll on my family and marriage in less than a year. I moved back to Florida with my mother, lost her due to a house fire. I started [REDACTED]. More and more I became [REDACTED]

[REDACTED]. We did share this apartment, he told them we didn't of course they sided with him, he was a police officer.

I was [REDACTED], but [REDACTED] mail on my court date. I wasn't familiar with the court system as I had never been charged with anything. Being in lewd of the police, [REDACTED], "thank god her grandmother on her father's side took care of her" [REDACTED]. This is where most of my charges are from [REDACTED]. Basically all of the charges I have come from making bad decisions to [REDACTED]. This went on for at least 7-8 years of my life.

The last time I [REDACTED] I prayed so hard for the god to take this miserable life away from me, I had enough and knew I was much better than what I put myself through. It was then the judge gave me [REDACTED] encouraged me to turn my life around and to take the opportunity. [REDACTED] and attended as many meeting as possible and my life has been better since August 1994 even doing [REDACTED]

I remarried in January 2000 to Mr. James Glover, a wonderful and encouraging man. Our small family home is full of life and love. We sometime have our ups and downs, but are

able to work through whatever obstacle may come our way. My grandson Dezmond 6 years old also share out home with us.

We attend church on Sunday at church of manifestation located on 30th Street and Lake avenue, Pastor Mark Davis, Monday night bible study, Family night is on Thursday at fun land drive inn, and Desmonds little league games on Saturdays.

I'm now taking 2 classes a week at HCC toward my A.A. degree, and in the near future I would like to open at least daycare center for teen mothers to continue their schooling, and a girl's home for ones who can use some guidance.
